

AMENDMENTS TO THE SPECIFICATION:

Please amend the first subtitle on page 1 as follows:

Technical Field of the invention

Please amend the second subtitle on page 1 as follows:

Background of the invention

Please amend the paragraph on page 1-page 2 which starts with "In order to . . ."

In order to support data applications (such as file transfer etc.), which require a reliable data link, a combination of forward error correction (FEC) and retransmission-based automatic repeat request (ARQ) is commonly used. ~~Both of these concepts are well known in the art.~~

Please amend the subtitle on page 2 as follows:

Problem underlying the invention

Please amend the first subtitle on page 4 as follows:

Summary Object of the invention

Please amend the paragraph on page 4 which starts with "The object of . . ."

~~One~~The object here of the invention is to provide an improved method and system for controlling the processing of video data, such that the video data may be transmitted over a connection in a communication network with improved quality, especially in the case of transmitting over a radio link.

Please delete the second subtitle on page 4:

~~Summary of the present invention~~

Please delete the paragraph on page 4 which starts with "This object is . . ."

~~This object is solved by the method of claim 1, the system of claim 15 and the unit of claim 30.~~

~~Advantageous embodiments are described in the dependent claims.~~

Please amend the subtitle on page 10 as follows:

~~Detailed Descriptiondescription of the embodiments~~
